

HISTORY

In 2004, Mr. Ronaldo Salvador, a Christian Businessman, raised in a Seventh-day Adventist home, crafted to pursue the principle that King Solomon in Proverbs 22:6 had verbalized, "Train up a child in the way he should go for when he is old he will not depart from it. Thus, the Bearer of Light and Wisdom Academy was born during the summer, taking-off with spiritual-enrichment program, Vacation Bible School, to the pre- schoolers and enhancement program for the already- schoolers.

When the school year started in 2004-2005, only Basic Education was offered--- Nursery, kindergarten and Preparatory & Grades 1-6 with significantly 119 enrollees in only (4) classrooms and Mr. Ben Bacio as Principal. It was rostered by Nursery, Kindergarten & Preparatory Teachers: Ms. Anna Torres, Ms. Agnes Nuguit & Ms. Sheena Pearl Teronio; and Grades school Teachers: Grade II: Mailou Avila, Grade II: Ramon Bacud, Grade III: Enrico Teronio, Grade IV: Rochie Bacud, Grade V: Grace Pangan and Grade VI: Junel Delos Reyes. Mrs. Cecillia S. Munar took the seat of the Principal in 2006 up to 2017.

In four-years time, 2007, High School was permitted to operate headed by Pastor Roldolfo Evangelista, Principal, but it was moved to the Main Building (now) and the original building, where it all started, was made annex. The following year, 2008, Mr. Moises M. Pilande, Jr. took over the principal's chair. There were only twelve fourth year students who had graduated during its first year and then there were 36. Today, there are already three (3) sections every graduation year. There was also a separate elementary offering when Mrs. Julieta Arana headed it.

Mrs. Milagros A. Guevarra succeeded in 2010 until the present. But in 2014, elementary classes were altogether transferred to annex so as to distinctly distinguish the grades-school from the high school. Significantly, in this same year, the school was approved and certified by the Department of Education through the Fund for Assistance to Private Education to first year students until they finish Senior High.

College started operating in 2009 with only TESDA Courses offered. It was a concerted effort from the administrators who had helped established what it is today. Dr. Santos T. Castillo, Jr. actively sustained the operation since late 2013 as Vice President for Academic Affairs. (Past Deans and Heads---Mr. Leandro Cabantog (2009) Dr. Teresita G. Pivalcerin- (2010) Lito Fabregar (2011) Dr. Violita Sarmiento (2011-2015) Dr. Nerus Malinis (2015-Present). The following year, Education (Secondary-English and Math Major, & Elementaky) and Business Administration were added to the roster of choices to the college students. To date, there are more additional TESDA courses offered and scholarships are also up for grabs.

2016 marks two additional tasks to the progressing academic growth of the technical and education thrust of the institution. We now implement Senior High School curriculum with emphasis on technology and vocational tracks and TERNATE TESDA Branch has been opened with the same courses offered as in the main, in answer to the necessity and accessibility to the area where the haven of Sir Bong is situated.

Aimed at creating literate populace, this Christian institution promises to be your real school to shape you a better future! ©pjdc

BLWC PROFILE

The Bearer of Light and Wisdom Colleges, Inc. is a non-profit, non-stock educational institution which was established in 2003, located at 403 Bee Bien Building, Molino 1, City of Bacoar, Cavite, Philippines. Founded by the President/Director, Ronaldo Arbas Salvador, he organized the Board of Trustees and completed the requirements to pursue his dream his own academic haven, the then the Bearer of Light and Wisdom Academy. On June 2, 2004, it was granted with Certificate of Occupancy and permission to operate basic education program from NKP to grade 6. In 2009, the name was changed to The Bearer of Light and Wisdom Colleges, Inc. when the High School Level was recognized by the Department of Education. On August 24, 2004, the Securities and Exchange Commission finally released its certificate approving the operation that includes the Commission of Higher Education assent to college courses taking of the technology Education and Skills Department Authority courses.

Today, we are complete with K-12 curriculum, TESDA courses and BA & Education (Elementary, English/Math Major) College Degrees. In pursuit of making this your school and your better future!

Announcement:

Education in BLWC is now back to Face to Face modality. Since we were given a permit to offer F2F, the Administration as well as the faculty and staff have prepared of this learning modality. F2F is of advantage due to the teaching –learning process wherein the teachers made use of the modern strategies, approaches & teachings.

- Develop technology-enriched instructional materials such as lesson, quizzes, games, videos, and power point presentations.
- Build and interactive collaboration platform for student cantered learning as were as a teacher centered learning.
- Design learning experiences where students create their own outputs, their creativity, critical thinking.
